“Sport has so much to offer. It provides more than an opportunity to compete for a trophy. Whether you are an individual athlete, team, coach, builder or fan, the lessons learned along the way are later applied in our professional and personal lives with many successes.

“While we are grateful for what sport has given us, we are thankful to those who provided us the opportunity to shine.

“I congratulate my fellow inductees on your achievements. To our family, friends and supporters here this evening and in spirit, we share this honour with all of you.

“We thank the Saskatoon Sports Hall of Fame, the directors and sponsors for providing us with a first-class evening. The opportunity to come together to renew acquaintances, friendships and celebrate our successes together will add to our fond memories.

“Ladies and gentlemen, on behalf of the 2008 inductees, we are touched and humbled to be joining such an accomplished group of athletes, teams, organizations and builders who have come before us. We promise to uphold the honour, as we take our places within the Saskatoon Sports Hall of Fame.”
